Summer Camp Registration 2022

Safari Camp: A great opportunity to involve young explorers in the wild world around us and begin their journey into conservation management. Through exploring at the zoo, close encounters with animals, hands-on science activities, environmental games and more, the campers will participate in many activities, including animal art projects.

Splash! Camp: We will explore together the many animals of the ocean, from sharks to snails, through art, field trips, and lots of fun. Also, we will play with water, balloons, and have activities about fish and sea creatures.

Space Camp: We will be learning all about outer space, everything from planets to telescopes. While we learn, we will make slime, suncatchers, and explosions!

Around Latin America Camp: Get your passport ready to travel to the many countries of Latin America: Mexico, Guatemala, Peru, Colombia, Venezuela, Puerto Rico and others. We will get to know their traditions, cultures, songs, food, and art. The campers will learn about these places and will participate in activities from each country.

Go Green Camp: Kids will expand their awareness about the importance of the environment and how to protect it, recycle, and grow plants. Activities with the color green and a field trip will also be part of the camp.

Ready to Learn Camp:

Kids will learn to love reading! Activities include reading their favorite stories, creating their own storybook, exploring art and creativity, math and counting games, science, and other fun activities both indoors and outdoors. On the first day, campers should bring their favorite book and a stuffed animal.
